

Beecroft Primary School Year 6: Home-School Learning Menu for the Week Beginning Thursday 7th January and Monday 11th January

Share your learning with us:

Year6nb@beecroft.leeds.sch.uk

1. Organise a tidy space to work at home where you can spread your papers out and think carefully.
2. Look through the yellow and red folders that you have been given. Organise the papers – separate them into maths and English resources.
3. Look at the email at the top of the page. You can email me any work that you complete or send me photographs of the cookies that you bake.

Weekly Maths Tasks

Thursday 7th
January

Today we are going to revise long multiplication.

To start with watch the video – following the link <https://whiterosemaths.com/homelearning/year-6/week-4/> Choose the video 'Multiply 3-digits by 2-digits' and follow the instructions. It is the right box on the second row.

Practise these skills further by completing the maths worksheet in the yellow folder called MathsFrame. The first question is 235×26 . Set out the questions beautifully in your new blue maths book. Remember what I expect in terms of presentation – ruler and pencil lines.

Also remember to estimate so that you can go back and check your answers.

**** The answers are on the back of the maths sheet – ask a parent to check them for you.**

Friday 8th
January

Maths warm up – in your book neatly:

1. List your square numbers to 225.
2. List your prime numbers to 50.
3. Find the prime factors of 27 and 56.

Now move on. More multiplication work today.

<https://whiterosemaths.com/homelearning/year-6/week-4/> This time choose the left box on the bottom row. Follow the instructions given by the teacher on the video

Complete these calculations in your maths book:

1. 68×13

2. 492×18

3. 36×24

4. 267×35

5. 1247×26

6. 2538×14

No peeping – here are the answers to check against.

1. 884

2. 8856

3. 864

4. 9345

5. 32422

6. 35532

If you have made any mistakes try to see where you went wrong.

**** Have you completed this week's ten minute test? Don't forget!**

Reading task / Writing - Thursday	1. Complete your 'Is winter the best season?' argument for Miss Turner. Look in your yellow folder collected from school for more details.
Reading task / Writing - Friday	1. Read your library book for at least 30 minutes. What have you discovered from reading your non-fiction book? 2. Visit the Newsround website. Read at least 3 articles to find out what has been happening in the news this week.
Other Subjects	
Science – Monday afternoon	<p>What is light and where does it come from?</p> <p>In this lesson, we are going to be learning about light. We are going to learn about what light is, where it comes from and how shadows are formed. We are going to complete an investigation into how light behaves with transparent, translucent and opaque objects. You will need a piece of paper and a pencil for this lesson. If you would like to take part in the practical investigation you will need: a light source (e.g. lamp, torch or phone light), a piece of paper, a piece of cardboard and a piece of something transparent (e.g. clear plastic). If you do not have these items you can still complete the lesson by watching the teacher's demonstration.</p> <p>https://classroom.thenational.academy/lessons/what-is-light-and-where-does-it-come-from-6rv3je</p>
Music – Tuesday afternoon suggestion	<p>1. Practise your instrument.</p> <p>2. Play these games to help you learn musical terms and note names. https://www.classicsforkids.com/games.html</p>
History – Tuesday afternoon suggestion	<p>History –</p> <p>What is the UK parliament?</p> <p>Where are the House of Commons and House of Lords?</p> <p>What are elections and voting?</p> <p>With a parent read through the slides about Parliament – you will find these in the online Home Learning Zone for Year 6 found on the school website. Do you recognise the Houses Of Parliament? What can you remember after you have finished</p>

	<p>7. Place spoonfuls of the mixture on the prepared trays.</p> <p>8. Bake for 8 – 10 minutes.</p> <p>9. Remove from the tray immediately and place on a wire rack to cool.</p> <p>Let me know how successful your cookies are.</p>
P.E. – Each day	<p>1. Each day try and improve your kick ups using a ball. How many can you do by the end of the week?</p>
Computing – Thursday afternoon suggestion	<p>Practise your touch typing skills using BBC Dance Mat. https://www.bbc.co.uk/bitesize/topics/zf2f9j6/articles/z3c6tfr</p> <p>Learning to touch type is an essential skill to help you be able to type up your high school projects quickly. There are four levels to play, each divided into three stages. You start by learning the home row keys. Each stage builds on previous lessons, introducing new letters as you progress. You'll soon be touch typing like an expert! At the end of each level you can test your typing speed.</p>
Art – Friday afternoon suggestions	<p>1. Art galleries may be closed, but that doesn't mean you can't explore some of the most famous exhibits in the world. Visit the Van Gogh Museum in Amsterdam https://artsandculture.google.com/partner/van-gogh-museum?hl=en. Explore the gallery. Can you find Van Gogh's paintings of irises? What is your opinion of his work? Can you find his world famous sunflowers? Which is your favourite painting and why? Email me and let me know.</p> <p>2. Drawing inventions! Be curious about the world around you. Collect some man-made objects such as paper clips, elastic bands, clothes pegs, a fork etc. Try to select objects with interesting forms and shapes. Select three objects and draw them. Then become an inventor! Cut, tear or copy your drawings and stick them together to create a collage. Draw new shapes in the gaps to create something new. I would love to see your inventions.</p>
